

International Conference on Civil Society Contributions to Policy Innovation in the PR China

China Policy Institute, University of Nottingham

Nottingham, UK | 4-5 September 2013

Working language: Simultaneous English or Chinese interpretation

Session format: The speaker or discussant for every session is a mix of China and non-China based delegates so that views articulated by one side elicit considered responses from the other. The Chair's main function is to moderate and encourage discussions and exchanges in a constructive spirit. Each paper presenter should have a maximum of 20 minutes to outline one's arguments, and each discussant will have up to 10 minutes to provide a constructive critique. This will leave 30 minutes of discussions and exchanges among all delegates. Discussants are requested and required NOT to present an alternative paper but focus on discussing the paper which they intend to submit for the book publication.

Wednesday, 4 September 2013

8:30 - 9:00 Registration and tea
